

IPD Products for CATERPILLAR® 3126 ENGINES

IPD offers the most complete coverage in the aftermarket on this popular engine. A significant cost savings is now possible due to the development of the **IPDSteel™** Articulated (Two-Piece) Cast Steel Piston Crown series.

IPD's coverage now includes:

- ◆ In & Out of Frame **Overhaul Kits** with either:
 - Aluminum **One Piece** Pistons
 - Or*
 - IPDSteel™ **Two-Piece** Articulated Cast Steel Pistons with aluminum skirts. (application specific)
- ◆ Coverage of both **2 & 3 Valve Cylinder Head Components**.
- ◆ IPD 123™ or OEM Style Modular Type **Gasket Sets**.
- ◆ Rod, Main and Thrust **Bearings**.
- ◆ Connecting Rod and Camshaft **Bushings**.
- ◆ Cylinder Bore **Repair Sleeves**.
- ◆ Many more products coming soon!

IPD PARTS DATABASE™ OFFERS CONVENIENT AND ACCURATE PARTS CATALOGING FOR 3126 APPLICATIONS AS WELL AS OTHER CATERPILLAR® ENGINES.

Authorized IPD Distributors can log into our **IPD Parts Database™** live on-line and look up all the parts that are available from IPD for 3126 as well as many other Caterpillar® engine applications. Some unique features of this system include:

- ◆ **Parts Look Up:** Look up using engine, machine, serial or arrangement numbers for accurate parts listings.
- ◆ **Save Parts List:** Save parts lists that you routinely use for future reference.
- ◆ **Print Quote:** Print a quotation for your customer and add customized pricing.
- ◆ **Request Quote:** Once you identify your parts list – submit it to your IPD Customer Service Center for a quotation.
- ◆ **Place Order:** You can place your order directly to IPD Customer Service while on line and receive confirmation via fax or phone from the people you always deal with!

IPD Distributors can log in using supplied passwords to www.ipdparts.com, go to Authorized Distributor and click on IPD Database & Services. If you are a current IPD Distributor you can request a password by filling out the info on the Contact IPD page.

YOUR CHOICE OF EITHER "MODULAR STYLE OEM GASKET GROUPS" OR OUR INNOVATIVE IPD STYLE 123™ CONSOLIDATED GASKET SETS

While some customers still request the Modular style ENGINE SPECIFIC gasket groups, the *Original* IPD Style 123™ Consolidated Gasket Sets continue to grow in popularity. Other companies have tried to duplicate our sets but fall short in consistency of content, not to mention gasket material quality!

Why consider the IPD Style 123™ Sets?

- ◆ **Ease of stocking:** We have consolidated many serial number ranges into each set to give more flexibility and reduced inventory without adding excessive waste.
 - For example, in most popular 3126 applications it would require 9 Modular style Gasket Groups, where IPD covers with ONE part number!
- ◆ **Lower shipping costs:** Less overall dimensions of packaging can reduce shipping costs.
- ◆ **Simplified part number system:**
 - Out-of Frame Overhaul Set: = 1 suffix. Example: 312602**1**
 - In-Frame Overhaul Set = 2 suffix. Example: 312602**2**
 - Multiple Cylinder Head Sets = 3 suffix. Example: 312602**3**
- ◆ **Heavy duty & presentable packaging** with re-closable side open lid and bill of materials listing contents.
- ◆ **Contents segregated into Groups:** For ease of identification, we have separated the contents into packaged groups

such as “upper structure” or “rear structure” We also make every attempt to place part numbers on individual gaskets, seals and o-rings.

- ◆ **High quality materials:** IPD sets include the highest quality, latest designed materials in the after-market. Compare the material difference and reduce your risk!

VALVE TRAIN COVERAGE FOR BOTH 2 & 3 VALVE 3126 ENGINES

IPD's coverage of Valve Train products for 3126 engines includes both the 2 and 3 Valve applications. Our valve train program is uncompromising in quality and value across the board. Some unique quality features include:

- ◆ Intake and exhaust valves made of the proper materials and quality controlled for maximum life, not automotive style materials!
 - ◆ Valve springs made of quality materials and shot-peened for durability and longevity.
 - ◆ Valve seats made of materials designed specifically for diesel applications. Checked for finish, correct angle tolerances and concentricity.
 - ◆ Valve guides manufactured to tight tolerances for maximum heat transfer and fitment.
- At IPD we take pride in our quality control procedures to assure that the valve train components you receive have met our high standards for material, tolerance and finish.

ENGINE OVERHAUL KITS FOR POPULAR 3126 ENGINE APPLICATIONS

Available with both aluminum one piece pistons and the innovative Two Piece **IPDSteel™** Articulated Cast Steel crowns with aluminum skirts. These kits offer the major components you need for either IN or OUT of frame engine overhauls in one convenient and presentable box.

IPD Overhaul kits include:

- ◆ Choice of above styles of pistons (application specific)
- ◆ IPD Quality Assurance checked rings includes latest in moly or plasma type ring coatings where required with proper sizes and angles for maximum life and oil control.
- ◆ Piston Pins & Retainers.
- ◆ Rod, Main and Thrust bearings. (specify size)
- ◆ Either IPD Style 123™ In or Out of Frame Overhaul Gasket Set.
- ◆ Conveniently packaged in high quality IPD packaging.

IPD Overhaul Kits provide all the parts needed in one easy to ship box!

IPDSTEEL™ PISTONS OFFER SAVINGS, IPD QUALITY AND WARRANTY PROTECTION

3126 Articulated Two-Piece Steel Pistons for 3126 Caterpillar® applications are the most recent addition to IPD's innovative line of **IPDSteel™** Pistons. These innovative designs are cast from high strength steel, heat treated then machined to size using the latest in piston manufacturing CNC equipment at our IPD Torrance, California facility. Our technology is patent pending and allows IPD Distributors to compete, and

engine owners to save money!

Also available for popular applications is the **IPD exclusive .50mm oversize piston.**

These oversize pistons can reduce your cost in situations where you may need cylinder bore repair sleeves.

IPDSteel™ pistons are covered by IPD's full **ONE YEAR / 100,000 mile Warranty.** Please see our web page at www.ipdparts.com for more details.
