

Jasper Premium Service Plan Details

The JASPER Premium Service Plan follows the same guidelines and time/mileage periods as the standard warranty of the product you purchased. This Premium Service Plan does not extend to any parts not covered under our standard warranty.

- JASPER's recommended installation procedures must be adhered to. Change engine oil and filter at 500 miles (or 10 hours for marine engines) and then at a suggested interval of every 3,000 - 4,000 miles or 3 - 4 months (40 hours or once a season for marine engines) whichever occurs first. Change transmission and differential fluid after 5,000 miles of highway service or 100 hours of severe use. JASPER requires lubricants meeting original equipment specifications. Use appropriate additive for limited-slip differentials.

• EXCLUSIONS:

- Does not include vehicles used for ambulance, off-highway use, package delivery, police, racing, rented or leased, snow removal, dump truck, landscaping, taxi, tow truck, transit, motor home, industrial applications, or vehicles that have been altered in suspension or from the original manufacturer's specifications. This program excludes gas engines, transmissions and differentials in applications 1-ton and larger and diesels in applications larger than 1-ton.
- Does not cover repairs caused by failure of non-included parts, altered units or add-on parts. This agreement also does not cover overheating, detonation, lack of proper maintenance, wear and tear, improper installation, improper fluid levels or contamination of fluids. This agreement also does not include fire, collision, theft or other damages or casualties not associated with the remanufactured JASPER product.
- Does not provide for regular maintenance or if the vehicle's odometer has been tampered with, or for loss of use, inconvenience or other consequential loss or for any repair work not authorized by JASPER.

- This service agreement gives you specific legal rights. You may also have other rights that vary from state to state.

- If JASPER elects to replace your unit with another remanufactured unit, the replacement is considered to be a repair of the original unit and does not extend the warranty above or beyond the original date or mileage of installation.

• TRANSFERRING:

- The service agreement is between JASPER and the customer listed on the completed form. It is transferable and should be done within 30 days of new ownership, with payment of a \$30.00 filing fee to JASPER. The agreement is still based upon the original purchase date and mileage. It may only be altered or applied by the owner listed in the agreement at that time.

For any other questions on provisions and requirements of the JASPER Premium Service Plan, contact one of our highly trained ASE certified Customer Service Representatives at 800-827-7450.
